History

- On October 15th, 1986, goes to the USA to participate in Ocean Providence. Works on wholesale fish, restaurants, tackle shop, and fishing boat in Florida and South Carolina. At that time, 100 members were sent monthly from Japan to USA for the Ocean Providence mission, and he was in the last group that was sent.
- In September of 1989, he became the representative of North American Ocean Church and took responsibility for Ocean Providence in North America. Since then for 15 years, he worked as a fishing aide for Rev. Moon and at the same time worked on developing Ocean Hobby Industry such as boat manufacturing/sales company establishment.
- In September of 1991, when President Kamiyama went back to Japan along with 200 leaders who had received Ocean Training, took over the mission of the entire American Ocean Providence. Inherited the responsibilities of President
- In August of 2004, received change of mission from Rev. Moon to switch missions with Rev. Kamiyama to take responsibility over Japanese National Messiahs and South American providence. Presently working on boat factory and other related industry in Asuncion, Paraguay, South America.
- On July 12th, 2005, received permission for investment/shareholder recruitment activities in Japan from President Eu, who was at the time the spiritual leader of the Japanese movement. Began recruitment towards the goal of gathering 8000 shareholders.
- Former Representative of North American Ocean Church (15 years)
- Former True Wor1d Marine (Hobby World Development Inc.) CEO (Founder)
- Former ISA Inc. (Alaska) President

In 1994, when Rev. and Mrs. Moon was visiting South America, they instructed President Sato to take responsibility for the North American Ocean Providence.

In 2004, becomes the leader for South American Ocean Providence

Rev. Moon's Instructions regarding the 185 Japanese National Messiahs and the Mission of North American Ocean Hobby Industry Providence Leader

8/21/2004 HanNamDong: I am thinking of switching Kamiyama and Sato's missions. How many years has it been? 13 or 15 years? (To Sato) How many years have you been doing this with Father? (15 years.) You have to go to Paraguay and build boats there. If you start anew in Paraguay, I think we'll better results than building the boats and selling them here in the US. If you work hard, there is no limit to how successful it can become. No need to hesitate. Kamiyama, if I switch the missions for everyone like this as of today, what do you think, Mr. Park? Do you understand, Kamiyama? I order that mission change right now. From tomorrow, devise plans to pursue this change. The 180 (185) people will move (to America) and work on boat company as well as salespersons. The ones who have been doing boat building until now will move to South America. Sato is going to South America so help each other in boat manufacturing, work together. Sato, even when you go to South America, you might see me often. 160 (185) people plus 60. Sato and the 60 people. Switch out couple people who has been working on boat production and help each other. Use a joint strategy to develop North and South equally. Labor costs are cheaper in the Southern countries, so if I were to release you guys to the South to build boats, and make a foundation to build 30 boats per day, or 100 boats per day, it will not cost as much as building 30 boats a day in the North. In that sense, I must make this mission change. Even as a test or for a future plan, we must do this. You don't need much labor costs in the South. I will become a grandfather of 96 years old soon. Help Father! It's an embarrassing thing to ask help from a 90-year old grandfather. You must all make utmost effort not to do that. -(an excerpt from the given policy)-

At the coordination meeting at North Garden, Kodiak (9/4/2004): Purchase 50,000 sq. meter land near Asuncion. First we make that our foundation for boat production and Ocean Providence related work. The first funds shall be given by True World. However, Sato must quickly become independent. Consult with Japan and gather investors. (Excerpt from given policy) -More details will be given in the seminar (It is not a normal business but a providential business. Main instructions were that the Blessed Families become the center of this business to develop the largest company in the world that bases itself on Unification Thought.)

What is VISION 2020

1、 Kingdom of Heaven in heaven and on earth will be established by the year 2020

- *Kingdom of Heaven will be established in 3, 5, or at most 7 years (True Father) -*

"There is no time. You must rise up. You must make a life and death decision. Run. It's even better if you fly." (True Mother)

- ① "VISION2020" is a vision that 20 strategic countries and 20 providential countries along with Korea, Japan, and America for the total of 43 countries will all be "restored within 7 years" until the year 2020.
- ② Example 1 of the grounds that we can believe this: True Father has stated that if Jewish and Israelites believed in Jesus as the Messiah and received him, Jesus could have established a Ocean Hobby Industry Model Base (True Oceanic Civilization, God Civilization) on Crete Island. Then, he would have went on to renew Greece, Rome, prepared India, China, and eventually established a banner of the realm of unified civilization in the Asian Continent.
- ③ Example 2 of the grounds that we can believe this: On August 15th, 1945, if Korean Christianity and the world Christianity received True Father as the "Lord of the Second Coming," the world would have become the Kingdom of Heaven on earth and in heaven within 7 years.

What is VISION 2020

2、"VISION2020" is believed to be rooted in the time around July 23rd, 2012 when True Father stated "Kingdom of Heave on Earth and in Heaven will be established within 3, 5 or at most 7 years from now."

① True Father is an existence that could not have gone to the spirit world until he as the Lord of the Second Coming establish the Kingdom of Heave on Earth and in Heaven.

② The "Cheon Il Guk" had to be established before the Foundation Day.

The basis for Cheon Il Guk is dominion (Heavenly Parent/True Parents of Heaven and Earth), citizens (Completed families of Cain/Abel), national land (optimal land for living, center of culture and civilization). With these three, it can be established. If these minimum conditions, or the core/model of Cheon Il Guk is achieved, the sphere of evil influence would have been dealt with.

(The laws of before/after of truth and lies, Principles of internal/vertical/historical restoration through indemnity, and the Principles of external/horizontal/substantial realization)

③ The 7 years left until 2020 is the grace period given to humanity

True Father offered a special condition, and declared the Start of New Heaven and New Earth (July 23rd morning) upon placing the "7-year grace period" even though the world was at a stage where evil still exists, and must have chose to continue his activities in the spirit world. Incentive for the Unification of this Earth exists in the spirit world.

④ The 60-Year Course (1950-2012) of our True Parents that have been creating victorious foundation that can replace the global Christianity to "enable the establishment of Kingdom of Heaven in Heaven and on Earth within 7 years."

The Meaning of the Coming of the Age of Pacific Rim Seen from the Viewpoint of “The Second Advent” (pg.303 of Exposition of Divine Principle) (1/2)

The Culmination of All Civilizations (Establishment of Kingdom of Heaven on Earth and in Heaven)

Spiritual and material civilization, built upon religion and science-the quests to overcome the two aspects of human ignorance-must be brought into harmony. Only then can we resolve the fundamental problems of human life and realize the world of God’s ideal. In the world Christ comes to realize, science will be highly developed. It will be a society with the highest level of civilization, one in which all civilizations which have developed through the vertical course of providential history will be restored horizontally under the leadership of the Lord. Therefore, the spiritual and material aspects of civilization developing from religion and science, which have flourished all over the world, will be embraced and harmonized in Korea as guided by the new truth. Then they will bear fruit in the ideal world of God’s deepest desire.

First, the essences of all civilizations which developed on the land should bear fruit in Korea. The ancient continental civilizations which arose in Egypt and Mesopotamia bequeathed their fruits to the peninsular civilizations of Greece, Rome and Iberia, and thence to the island civilization of Great Britain. This island civilization passed on its culture to the United States, a continental civilization. Then the direction was reversed, with the United States passing on its culture to the island civilization of Japan. Now these fruits are to be harvested in the peninsular civilization of Korea, where Christ is to be born.

Next, the essences of civilizations born on the shores of rivers and seas should bear fruit in the Pacific civilization to which Korea belongs. The river civilizations which arose on the shores of the Nile, Tigris and Euphrates Rivers passed on their cultures to the civilizations in the vicinity of the Mediterranean Sea: Greece, Rome, Spain and Portugal. These bequeathed their fruits to the civilizations on the Atlantic Ocean: notably, Great Britain and the United States. All these fruits will be harvested in the civilization of the Pacific Ocean, which links together the United States, Japan and Korea.

The Meaning of the Coming of the Age of Pacific Rim Seen from the Viewpoint of “The Second Advent” (pg.303 of Exposition of Divine Principle) (2/2)

Last, civilizations born out of different climate zones should bear fruit in Korea. In the round of the seasons, living things begin their life and multiplication in spring, flourish in summer, bear fruit in autumn, and store their reserves in winter. The cycle of spring, summer, autumn and winter is repeated not only year by year, but also day by day: morning corresponds to spring, afternoon to summer, evening to autumn, and night to winter. The four phases of human life—childhood, youth, middle age, and old age—also fit this pattern. Human history, too, unfolds according to the seasons, because an aspect of God’s Principle underlying His creation is the harmonious, seasonal circle of life.

God created Adam and Eve in the springtime of human history. Accordingly, history was supposed to begin from the temperate-zone civilization of Eden. Then, in its summer season, it should have moved to a tropical civilization; in autumn, to a cool-zone civilization; and it should have reached its culmination in a frigid-zone civilization analogous to the winter season. However, due to the Fall, human beings were degraded to the level of savages. Instead of building a temperate-zone civilization, they prematurely came to live in the tropical zones as primitive men. On the continent of Africa, they built the tropic-zone civilization of Egypt. This continental civilization passed on its culture to the peninsulas and islands where cool-zone civilizations developed. They bequeathed their fruits to the frigid-zone civilization of the Soviet Union. Now this current is to culminate in the formation of the temperate-zone civilization of the new Eden. This should certainly take place in Korea, where all civilizations are to bear fruit.

- Through the fall of Adam and Eve, the Fallen Continental Culture and Civilization began. This cultural realm of "fornication and war" centered on the idea of conflict ended up producing nuclear weapons that can destroy the earth 600 times over, and eventually developed globally to cause conflict and war between races, religions, and nations.
- The Hellenistic and Hebraist Movements that will never bear fruit and will not see life are both coming to an complete and utter end. Need of rebirth.
- Jesus' mission was to reclaim Rome (pacify/unify) through the Mediterranean/Oceanic civilization → Later was to go through India/China to go to Korea/China region to create a realm of unified civilization.
- Christian culture/civilization is extremely close to oceanic culture/civilization. It has created the phrase: "one who conquers the sea will conquer the world." However, it only brought spiritual salvation and met its decline due to moral decadence
- The Lord of the Second Coming will produce a Civilization of Unified Peace in Yeosu, reclaim(pacify/unify) the whole world centered on America, go over Mount Baekdu, and has the mission to finally create a "Unified Civilization" on the same "Korea/China region" as Jesus.

Memo

The End of "Fallen Continental Civilization" and the Emergence of "True Ocean Culture and Civilization/Pacific Rim Culture and Civilization as the God Civilization"

The Hellenistic movement born from the corruption of Roman Catholicism, developed through Renaissance, French Revolution, and into Communism. Finally it gained itself a sovereign state in the form of Russian Revolution in the year 1917. However, this proletarian culture and civilization, the final destination of communist movement, started its collapse in 1987 under the rule that it "cannot last more than 70 years" with its extreme corruption and descent.

East European communism and Berlin wall collapsed, and finally in 1991, the Soviet Union was dismantled. Communist China and North Korea were left, but according to the "number 70" rule, they most likely will not be able to go over the year 2018. At the time in 1990, President Gorbachev welcomed True Parents as state guests. He said, "The Communist ideology could not overcome the Christian democratic liberalism that continues to become corrupt. Rev. Moon's Unification Thought is the only resolution to this problem." Kim Il Sung of course followed suit.

In 1991, President Kim Il Sung welcomed True Parents, pledged brotherhood, and to Kim Jung Il, he left a dying message: "Work only with Rev. Moon on the reunification of the Korean Peninsula." President Kim Jung Il followed that message and pledged brotherhood of Kim Jung Un and Hyung Jin Moon. Upon that foundation, the North Korea is waiting with anticipation for the day that South Korea is reborn into new culture/civilization through Unification Thought.

In other words, both Hellenism and Hebraism were started from Adam and Eve centered on Satan, and the Fallen Continental Civilization continued for 6000 years. This civilization will be unified on the Korean Peninsula and lead to world unification through the emergence of a Metropolitan Civilization (Tribal, clan, racial messiahs that have Blessed Families as core) born from pure Ocean Culture/Civilization based on God's Heart, Lineage and Ideology centered on our True Parents.

Coming of the "Age of Pacific Rim" Through the Understanding of True Father's Autobiography

(He was proclaiming this from the time of Beom Net Gol)

Chapter 3 The Man with the Fullest Stomach - Founding of church and Persecution – Section 2 "The Crazy, Handsome Man by the Well" Autobiography P.117

When we built the mud-walled house and began the church in Beom-net-gol, there were only three people to hear me preach. For me, however, I was not talking to just those three people. I thought to myself, "Though they cannot be seen, I am preaching to thousands, even tens of thousands." I envisioned as I preached that all humanity was in attendance. These three people sat before me while I conveyed the words of the Principle in a loud, booming voice.

There was a well in front of our house. Soon a rumor began to spread among those who came to take water from that well: A crazy man lived in the house with mud walls. They fetched their water and peered into this ramshackle mud house to see a man in wretched clothing speaking like he was shouting commands to the whole world. It is only natural that people began to whisper among themselves. I preached that heaven and earth would be turned upside down and Korea would unite the world. Rumors about me soon spread beyond those using the well to those at the bottom of the hill. Perhaps these rumors are what brought people coming out of curiosity to see the crazy man living next to the well. The rumors also became embellished to say that I was a handsome man with good stature, so middle-aged women began to climb the hill to see me as a way to pass the time.

On the day I finished writing Wolli Wonbon

I handed her a cushion to sit on, and I sat down as well. The spring water made its trickling sound as it flowed beneath us.

"In the future, Korea will play its role at the pinnacle of the world," I said. "People will regret that they could not be born as Koreans."

She clearly thought I was speaking nonsense.

Coming of the "Age of Pacific Rim" Through the Understanding of True Father's Autobiography

The Accelerated Downfall of Western Civilization, and the Time when Spiritual (East), Materialistic (West), Continental, and Oceanic Civilizations Meet

Chapter 7 "Future of Korea, Future of the World" (Autobiography P.279)

When a rock sits atop the highest mountain peak, once it begins to fall it will fall all the way to the deepest part of the valley. This describes the changing fortunes of Western civilization. It is common knowledge that the West achieved incredible development through the use of science, but now moral decay is sending it down to the depths of the valley floor. That valley floor is the East, which has been developing a spiritual culture for thousands of years.

In particular, the Korean peninsula is the place where Eastern and Western cultures meet, as well as the place where continental and oceanic civilizations meet. The historian and philosopher Oswald Spengler put forth a cyclical theory of the rise and decline of civilizations that took a dim view of democracy and described it as the type of government that is leading Western civilization into decline. The Atlantic civilization that has prospered until now is clearly facing a new era, the era of a pan-Pacific civilization that is on the rise. Asia, with Korea poised to take a central role, is becoming the lead actor in a new world history. Two-thirds of the world's population lives in Asia. All the world's major religions began in Asia. It has long served as humanity's spiritual root.

It is inevitable that the Western and Eastern civilizations come together in harmony on the Korean peninsula. As the world rapidly changes, heavenly fortune is moving in Korea's direction at an ever-increasing speed. However, if the Korean peninsula is to properly perform its important role in leading the world to harmony and peace during an era of chaos, then it must prepare itself well. It must do away with a past marked with prejudice and selfishness and greet the new age with clear eyes and a new heart. (Autobiography P.285)

Memo

Coming of the "Age of Pacific Rim" Through the Understanding of True Father's Autobiography

At the dawn of Age of Pacific Rim, "Heavenly Fortune" will come to Korean Peninsula

Autobiography P.283

The force that raised Japan up to such a great position is now moving to the Korean peninsula. Human civilization is about to come to its fruition on the Korean peninsula.

For Japan's island civilization to link up with the continent, it must pass through a peninsula. Asia, of course, has other peninsulas, but only Korea possesses sufficient foundation to inherit contemporary civilization. The Korean peninsula is in a most exquisite geopolitical position. It faces Japan and the United States across the Pacific Ocean. It also is connected to the continents of Asia and Europe and shares common borders with China and Russia. This is the reason that Korea has been a focal point in the power struggles among the world's great powers and has suffered a great deal as a result.

During the Cold War, we fought for our very existence in a war against communism. Even now, the concerns and interests of the world's great powers continue to involve the Korean peninsula, so Korea remains a divided country unable to be completely at peace. The time has come when the Korean peninsula, where the interests of the great powers collide, will take on an important role in preventing conflict between these countries. As a result it will be in a position to lead the rest of the world into prosperity and peace.

Heavenly fortune comes with tremendous responsibility. Now that the Korean peninsula has come into its heavenly fortune, it must play a role similar to a ball bearing, making sure that these countries not only do not collide with each other but instead cooperate closely for the sake of the prosperity and peace of the world. The functions of a ball bearing are to hold the axle of a machine in place while also allowing the axle to rotate freely. Korea needs to maintain smooth relationships with the great powers and thus become a ball bearing that allows peace to rotate freely throughout the world. (Autobiography P.283)

Coming of the "Age of Pacific Rim" Through the Understanding of True Father's Autobiography

"Korea Should Prepare for 2 Things."

Autobiography P.303

The history has proven that a nation which controls the sea will become the center of the world.

The United States and Russia, however, will not stand by and watch as our country rises to a leadership role in the world. It is possible that there could be a major conflict involving the United States, Japan, Russia, and China in the vicinity of Korea. We must prepare for this contingency in two ways.

First, we must create a strong bond between Japan and the United States and link this to Russia and China so as to protect Korea. How can we do this? With a philosophy and a heart that create oneness. The only philosophy that can prevent wars between religions and open a path to a peaceful world is one that proclaims that humanity is one, transcendent of race, nationality, and religion. To protect itself from the dangers of war, Korea must plant a philosophy of oneness in the world.

The second thing we must do is prepare ourselves for the new oceanic era. The Pacific era is at hand. Anyone who cannot rule the ocean cannot become a leader in the Pacific age. If heavenly fortune comes and we are not prepared, we cannot take advantage of the opportunity. If we know that an oceanic era is about to begin and Korea wants to be the leader of that era, then Korea must make the necessary preparations.

Coming of the "Age of Pacific Rim" Through the Understanding of True Father's Autobiography

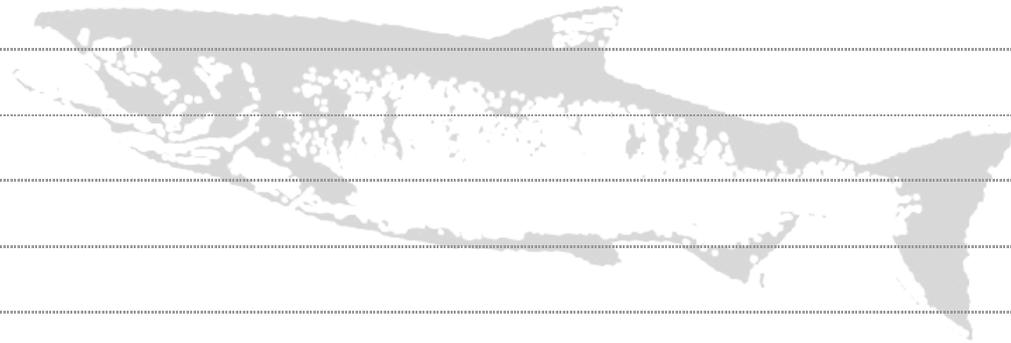

“The Oceanic Era Will Not Begin Without Human Effort”

Autobiography P.305

The oceanic era will not begin without human effort. We must first go out into the oceans. We must go out on boats and fight the waves. Without such courage we cannot prepare ourselves for the oceanic age. The country that conquers the oceans will become a dominant power in the world and find the world eager to study its culture and language. It must become the champion steward of the Pacific Ocean. It must understand the will of the Creator and manage His resources well.

The oceans can become a central point for bringing the world together. To take ownership over the oceans we must be trained to live on it with the same ease as we live on land.

Year 2007 The Age of Pacific Rim, Declaration of the Beginning of the Age of God Civilization

- Declaration 3 Years Prior to 2010, the 40-Year Deadline for America to Receive True Parents -

- Pre-950 - Beom Nek Gol Era (1950-1953) - Ya Mok Era (1955-1960) - Offering Ceremony of Cheon Soon Ho (6/26/1963) - North American Oncea Church Era (1971-1994) - Jardim Era (1995-2000) - Hawaii Era (2000-2002) - Geo Mun Do Island and Yeosu Era (2002-2012)

True Father has been preparing for the coming of the Era of Pacific Rim unceasingly throughout his life from the beginning of the Providence.

"Historical view of the Era of Pacific Rim seen from God's Will - The Path of UN and the Free World centered on America" was the title of his message

- On March 17th, 2007 he made a declaration at Kona, Hawaii, due to the fact that he could not do so in Japan (Gathering 100 members each from Chongryon and Mindan, as well as total of 700 people from around the world).
- After this, he made this same proclamation monthly until the year 2009.
With True Mother and True Children, this proclamation was made in 195 nations worldwide.
- This message was included in the NO.13 ('07/9) and NO.16 ('08/8) of the "Pyeong Hwa Shin Gyeong (Peace Messages)"
- He states that "this is the conclusion of Rev. Moon's life."
- He also states, "through understanding this message, you can come to understand Rev. Moon's life."

Year 2007 The Age of Pacific Rim, Declaration of the Beginning of the Age of God Civilization

- July 19th, 2008: On the morning of Helicopter incident, True Father declares that he will extend the deadline for America to receive True Parents for 3 years -

- The Era of Pacific Rim is not an extension of Western/Atlantic materialism civilization that was centered on England/America.
- By giving birth to a new civilization that bases itself on God's Lineage that begins from the "Sea," the starting point of life, all Fallen continental civilizations can be reborn.
- **Rev. Moon says that in order to shape this "Era of Pacific Rim/God Civilization," he created boat companies.**
- **He says that this declaration will continue on until Foundation Day.**

"I knew the coming of this era. I created a boat business group and newspaper company. These will shape the world's path from now on. You all must become my representatives and inherit the foundations that I have built"

-3/19/2007 True Father's words at King Garden, Kona, Hawaii; talking about "Proclamation of the Beginning of the Era of Pacific Rim"

Providential View of the Pacific Rim Era in Light of God's Will -The Path for UN and the Free World Centered on America (1/2)- Beginning of the Era of Pacific Rim (Ocean)/God Civilization Centered on True Parents

3/17/2007: "Proclamation of Pacific Rim Era, Start of God Civilization"

At the beginning of the seventh year of Cheon Il Guk, I declared the beginning of a jubilee period in God's providence. God has greatly blessed us from that year. It is a time of jubilee the likes of which God and humankind have never experienced in thousands of years of history.

If you carefully examine the progress of history, you will undoubtedly discover God's plan and sense His presence as He tirelessly worked behind the scenes. Consider the history of civilization, which began centering on four of the world's great rivers. We are familiar with the Egyptian civilization that flourished along the Nile River, the Mesopotamian civilization between the Tigris and Euphrates Rivers, the Harappan civilization on the Indus River, and early Chinese civilization around the Yellow River. The center of civilization shifted over time to the shores of the Mediterranean Sea where the Mediterranean peninsular civilizations flourished in Greece and Rome. History continued to progress and the European continental civilization emerged. This continental civilization in turn gave birth to an island civilization, Great Britain, which flourished in the Atlantic sphere. The British Empire, which dominated the seven seas and wielded its might as "the empire on which the sun never sets," passed its splendid culture on to North America. We know these facts from history. Civilization on the North American continent raised the banner of democracy, which was rooted in Christianity. It bequeathed to the world the principles of freedom of religion and respect for equal human rights as it led the struggle against fascism and communism, which had established atheistic, evil sovereignties. Through the victories of the First and Second World Wars, and the third -- the Cold War -- it won victory over totalitarianism and communism. However, that victory does not simply mean that America is great; the development of human civilization did not stop there. Victory came because God had chosen and raised the United States of America as the Second Israel, in accordance with His providential plan, and had raised and trained the American people through Christianity. God worked through America to bring His providence to its present stage of fruition. Ladies and Gentlemen: The present time marks an important milestone in the development of civilization. Civilization has completed a circuit of the entire globe and has now arrived on the shores of the Pacific Ocean. History's course has come to the point under God's providence where it must be completed and concluded in the Pacific Rim region.

Our mission in this Era of Pacific Rim is to understand God's tearful heart when Jesus was sent to Israel, positioned in the top corner of Mediterranean Sea, with the hope of saving the entire humanity through dominating the four seas as Rome as its center, but ended with cruel crucifixion. And now He is planning to complete this through America. It is to live a life of True Love taught by Rev. Moon, who was sent by God as the True Parents of humanity, know the reality of spirit world, and to establish an ideal family. What is the meaning of True Love? It is to be the first to give, to serve and to care for others and to seek the greater good. If the whole world was filled with such true families, there won't be necessity for lawyers, prosecutors, or judges. It will become a world governed by heavenly ways and heavenly laws.

Heavenly providence has passed through the American continent, bloomed the flower of island civilization on the island of Japan, and now, it is at a fateful moment when it will bear fruit on the Korean Peninsula, the homeland of our True Parents who have come as the Lord of Second Advent and a messiah. Everyone here might not know well, but I would like to reveal the incredible fact that Rev. Moon was the one who maneuvered behind the Six-Party talks that are currently under way, and that he is the one who is presenting the solution.

Providential View of the Pacific Rim Era in Light of God's Will **-The Path for UN and the Free World Centered on America (2/2)-** **Beginning of the Era of Pacific Rim (Ocean)/God Civilization Centered on True Parents**

3/17/2007: "Proclamation of Pacific Rim Era, Start of God Civilization"

In this desperate era, America must rally the island nations of the Pacific and protect the Pan-Pacific region. When stability and peace settles on the Pacific Rim region, humanity's peace will also be guaranteed. The surging waves of the endless tsunami of the surrounding powerful nations cannot be prevented. The time has come when all island nations in the Pacific region must come together. Moreover, all of us hold the responsibility to defend the Five Great Seas from increasing environmental destruction and war, and protect the realm of the seas that is humanity's life net and a life line.

Through overcoming indescribable hardships and prosecution, I stood victorious, and in 2003, I proclaimed Jesus as the King of Kings to heaven and earth with endorsements from Christian, Jewish and Islamic community. At the same time in 2004, I was affirmed as Peace King in the National Assembly in both America and Korea. Then in June of 2006, I held a Coronation Ceremony of Cosmic Peace King. For the purpose of resolving these problems afflicting humankind, on September 12, 2005, I proclaimed throughout all of heaven and earth the establishment of the Universal Peace Federation (UPF), which will enable God's providence to flourish. Now, it is possible for UPF to serve as an Abel-type counterpart to the UN in the era after the coming of heaven. It will renew the Cain-type United Nations and lead the way for millions of ambassadors for peace throughout the world who have taken up the ideology of the Heavenly Father, that is, my teachings -- which consist of the principles of true love and the ideal of a true family -- to without fail, fulfill the heavenly will of creating one family under God.

Ladies and Gentlemen: Through the cross-cultural marriage blessings that transcend religious denomination and nationality, the Universal Peace Federation will be the vanguard that carries out the great revolution of restoring the original lineage of humanity, hearkening back to Adam before the Fall. Some may laugh and say that this is impossible. Yet, where there is a will there is a way, especially if it is God's will. The international and cross-cultural marriage blessings are conducted according to the teachings of Rev. Moon, who does God's work on His behalf. Please think about this: What do you think will happen if people from the United States and countries such as Russia marry across the boundaries of their nationalities through these marriage blessing ceremonies? The two nations will belong to one family under God, the eternal, absolute Lord of all creation.

Please do not miss your chance to ride on the surging currents of heavenly fortune during this important and sacred jubilee. Take the lead in protecting and developing the realm of the oceans, which cover seventy-five percent of the earth. Where else will you find undiscovered treasure-stores of natural resources that hold the promise of reviving the earth, which is endangered by all kinds of pollution and resource depletion?

Now the door to the Ocean Era that speaks for the Era of the Women has opened. In forming the realm of ocean culture, the ultra-nation and ultra-oceanic realm of the culture of women, I wish the Pacific Rim realm can fulfill its mission as a locomotive force.

During the Time Between "May 12th - August 12th, 2012" When Yeosu International Ocean Expo Was Held, Oceanic and Heavenly Fortune Gathered on the Korean Peninsula.

Autobiography P. 309

Very soon after I began developing Yeosu, it was chosen as the venue for an international maritime exposition to be held in 2012. Together with the Olympic Games and the World Cup, international expositions are among the three largest festivals on a global scale. During the six months that Expo 2012 is held in Yeosu, 154 member countries of the International Exhibitions Bureau (BIE) will operate various exhibits. This will focus the world's attention on Yeosu, and the technology and culture of developed countries will flow into Yeosu. Have you ever looked up at a summer sky and seen clouds blowing by at an amazing speed? Once clouds catch the wind, they move quickly over mountains and oceans. Now is not the time to be hesitating. In a way similar to those clouds, heavenly fortune will be blowing the world toward Yeosu and the Korean peninsula.

I plan to connect all the islands along the southern coast with bridges and build condominiums where boat-loving people from around the world can come and stay. These will not be condominiums just for play. Americans, Germans, Japanese, Brazilians, and Africans will come. They may go out on different boats to catch fish, but I will have them stay in the same condominiums to show that humanity is one family.

True Father’s Words on Completion of Oceanic Realm 3-Year Course

**2/3/2009, King Garden, Hawaii/ True Father's words when stopping by
Hawaii on the way back to Korea from Las Vegas**

"This time, by offering the 'Coronation Ceremony of God's Kingship/Liberation Ceremony/Golden Wedding' I have done everything that I must do. What is left is the 'Oceanic Realm.' We must complete the Oceanic Realm within 3 years from now. If we fail and it is delayed even for one day, it will be delayed for 100 years. If it's delayed 10 days, it will then become 1000 years. What are you going to do? I will go back to Korea now and start Oceanic Realm providence."

2009-2012 “Completion of Oceanic Realm 3-Year Course” that concluded at Yeosu International Ocean EXPO Main Contents

60ft Cheong Jun Ho and plaster mold development

In February of 2009, as soon as True Parents got back to Korea from Hawaii, he started the plaster mold development in earnest. At the same time, he began building the "60-ft boat (Cheon Jung Ho)" which signifies the completion of a boat made for the age of "200 Nautical Miles". It was his wish for 50 years since the launching of Cheon Soon Ho. The boat was completed on February 3, 2011 (Heavenly Calendar January 1). Then, on February 17th, "Resin Type Plaster Mold World Briefing/Cheon Jung Ho Launching Ceremony" was held at Yeosu Yacht Harbor, gathering 7000 people.

Yeosu Ocean Seminar

Then, the 40-Day Ocean Seminar that targeted 7000 Japanese women (who married into and lived in Korea through Blessing) was completed by June 1, 2010. On that foundation, Yeosu Seminar that targets women from both Korea and Japan had began (completed in 2012).

Launching of "WonMo Sun," establishment of "WonMo Peace and Love Foundation," and building of "GeoMunDo Ocean Cheong Jung Goon"

Later, launching ceremony for the 24ft boat was held in Las Vegas on May 22, 2011, and on August 18, a launching ceremony for the "WonMo Sun," unsinkable 24-ft boat equipped with Helium gas was held. Following that, "WonMo Peace and Love Foundation" was established, and finally on September 12, an dedication ceremony for the GeoMunDo Ocean Cheong Jung Goon was held. This "Ocean Cheong Jung Goon" was set as the headquarters for WonMo Peace and Love Foundation, and within the 10 months period until July 26th, 2012, True Father had surprisingly visited GeoMunDo some 25 times. During this time, he continuously made improvements to the 60-ft Cheong Jun Ho towards his ideal form, built four 48-ft Cheong Jun Ho, and gave an instruction to build a mass producing factory in Dandong (China), a gateway to the Korea-China region.

Yeosu International Ocean EXPO

On the other hand, on May 12, 2012, by True Father's initiative, "Yeosu International Ocean EXPO" was finally held. It signified the coming of the true Pacific Rim Era (until 8/12).

With the opening of Yeosu International Ocean EXPO, Pacific Rim Era has come

2009-2012 "Completion of Oceanic Realm 3-Year Course" that concluded at Yeosu International Ocean EXPO Building of Cheong Jun Ho and its Dedication Ceremony - 2/17/2011

On February 17, 2011, launching ceremony for Cheong Jun Ho (60-ft) that signified the completion of True Father's path of boat building, and a Plaster Mold World Briefing, which was one of his life goals, were both held in Yeosu, Korea. He states that this day's event was more important than the event on "God's Day." He also says, "if this was not completed by Heavenly Calendar Jan. 1 (2/3), North Korea will launch their 3rd attack."

"Tribal messiahs have established a name that can represent the nation. I have accomplished all these tasks. I have accomplished everything."

On 10/14, 40 days after the Holy Ascension of True Father, True Mother visits this place as her first place to visit. She gives instruction to witness to the whole island (population: approx. 5000; mostly fishermen), making sleepless efforts.

2009-2012 “Completion of Oceanic Realm 3-Year Course” that concluded at Yeosu International Ocean EXPO Our Concurrent "Ocean Providence 10-Year Course until 2012"

"3-Year Course until 2012" concurrent to "10-Year Course until 2012"

- October 2002: True Father calls President Sato (at the time, TWM) from Hawaii, and tells him he has started a 10-year course.

True Father asked the meaning of the Bible verse, "whatever you loose on earth will be loosed in heaven" (Matthew 18:18). Then, he said, "it means that when you accomplish all the things I ordered you, Kingdom of Heaven on earth will be created, and then the Kingdom of Heaven in heaven will also be realized." He went on to say, "You haven't done it yet (to the 10-year course from 1993-2002). I will give you another 10 years so definitely make the largest boat company in the world. You must accomplish this." "He said, "if you do not do this, we cannot meet in the spirit world."

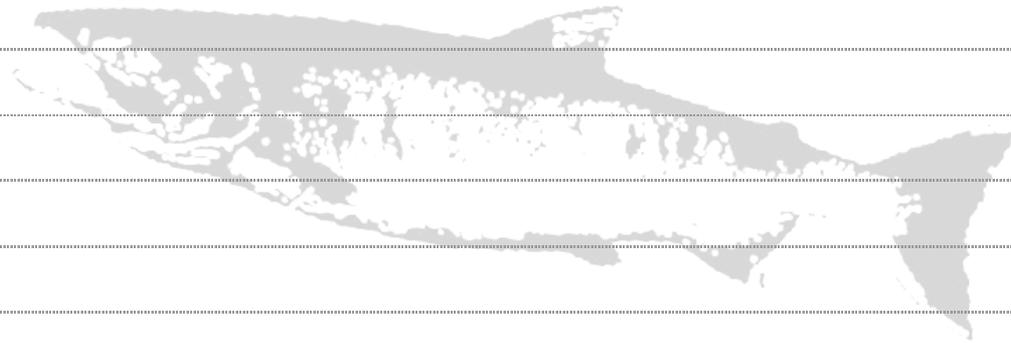

At that time, he also said, "even I myself cannot go to the spirit world without building the kingdom of heaven on this earth. I will also start a 10-year course until 2012. Let us meet at the Joon Won Cheong Ji (Korea-China region) after fulfilling our responsibilities."

- October 2002: After the opening of "World Fishing Tournament," preparation to establish "Yeosu Ocean Hobby Industry Model City" began. - True Father's 10-Year Course starts

At this time, President Koh was selected as World Ocean Providence Special Advisor. Yeosu was certified as recreational economic zone in November 2003. 300ha of land in Yeosu was purchased.

- 8/7/2004: Mission change issued for the globalization of Ocean Hobby Industry Providence (at East Garden) - "I will no longer put any bosses over Sato. Leap and soar, do as much as you want."
- Specifically on August 21, North and South American leaders were changed (at Han Nam Dong - as mentioned earlier) - Then, at a coordination meeting in Alaska, True Father gives a "special instruction" for D-Day. "If you are done with South America, go on to 14 Pacific Rim nations, then to Africa, and let us finally meet in the Joon Won Cheong Ji (Korea-China region)!"

PART I VISION2020 Overview

Path of "Hobby World Marine" that Ran Concurrent to "3-Year Course" Until 2012 True Father's Instructions for 6/30 Shareholder's Meeting

**He sends an instruction via President Koh:
"make 12 boat sales locations in Japan."**

The boat factory size that True Father hopes for is one that has the capacity to produce 120 boats per month. This instruction points to a boat factory initially producing 12 per month, and in three years, be able to produce and sell 120 monthly.

6/30/2012 President Koh is Greatly Amazed at Kaiyouheiwa Shareholder's Meeting

(Until then, True Father had hinted at the possibility and necessity of a Flood Judgment)

At the Shareholder's Meeting Part II Lecture, President Koh was shocked to find out our announcement of "Disaster Relief Ship/Large-Scale Tourist Boat Project" for the reconstruction efforts after the East Japan Earthquake.

That was because True Father had recently told President Koh, "build a large ship the size of Hawaii Island. There might be a Flood Judgment like the one at Noah's time. We must protect the Blessed Families."

In the “3-Year Course”

Aiming for the Restoration of “Paraguay” and “Japan”

- Korea and Paraguay is on the opposite sides of the Earth's axis in the realm of Unified Civilization

(The 3 elements that form a center of civilization: harmony of 4 seasons - a place where ocean and continent are overlapped - a place where the best food can be produced - optimal environment for human life; as referenced) Even if America does not receive True Parents, Cheon Il Guk can be established through Korea and South America.

- Japan is the entrance to Korea for the Pacific Rim Era

The order is: Paraguay restoration, Japan restoration, then Korea restoration

- Through the completion of GeoMunDo Island Ocean Hobby Industry Model Base and Yeosu Ocean Hobby Industry Model City, the rebirth and unification of Korean Peninsula can be completed.
- In the 7-Year Course, Kingdom of Heaven on earth and in heaven can be completed through the restoration of 43 nations.

- In South America, he was also a champion at Dorado, Paku, Boga, and Pintado fishing
- Champion at Corbine Negra fishing in Punta Del Este

Why does Rev. Moon Go Out to Sea?

Rev. Moon has said: “I am investing 2/3 of my life into ocean.”

- Human beings are the total representation of this created world → It is natural for a human being to live 2/3 of his/her life relating to water
- True Father’s actions right after coming out of Danbury prison. First he went out to the sea.
- At every providential place he visited, members had to wait for him with a preparation to go out fishing.
- He even went out to fishing in a storm. “He battled over life and death.”

Why invest so much?

- It was not for a mere hobby or just a devotion/condition.

There must be a clear purpose there that he, as True Parents, must fulfill through the Ocean Providence.

Why Do You Go Out to Ocean That Much?

“It is in order to meet God.”

While he was giving instructions for the “3-Year Ocean Training” to the UTS graduates

“In order to lead the nation”

“Ocean is a place where you can observe God’s most incredible wonders of His creation.”

“If you go to the spirit world without experiencing life on the ocean, you will have a devastating disadvantage.”

“Life on the ocean will make a human brain 10 times better than life on land.”

Beginning of Ocean Providence

1963: “Dedication of Cheon Seung Ho” and Establishment of “Day of All Things”

Ocean Providence began through the establishment of “Day of All Things” (7/26/1963)

Meaning of the setting of “Day of All Things”

- It is the day that the battle to restore humanity’s dominion over creation began
- The “124 Couples Blessing” and “Dedication of Cheon Seung Ho” were the condition for this
- Transformation of God's ownership towards the created world

The meaning of the Dedication of Cheon Seung Ho (6/26/1963)

- It was not a symbolic offering
- It was in order to have dominion over the seas of the world (Pacific Rim Providence)
- Already he was going out to sea with members.

Launching Ceremony of Cheon Seung Ho

[Excerpt from his Autobiography regarding Launching Ceremony of Cheon Seung Ho P.152]

In his Autobiography Chapter 4, following passages can be seen:

"As a result, in 1963 we were able to start another business on a somewhat larger scale. This involved building a fishing boat. The boat was launched at a pier in the Manseok Dong section of Incheon and christened Cheon Seung Ho, meaning Victory of Heaven. Some two hundred people attended the ceremony where this fishing boat was sent out onto the ocean."

Water is the source of life. We were all born from our mothers' wombs. Inside those wombs is water, so we were born from water. I launched the boat with the belief that, in a similar way to how we receive life from water, we need to go out onto the ocean and pass through a series of trials there in order to become capable of surviving the trials we will face on land.

Human being should right away live the life of ocean after being born from his/her mother's womb. "Through first going through the life and training at sea before living on land, you can say that you are living a life that God had intended at the time of creation." We can observe that True Father already had established this ideology from back then.

"I sensed, however, that the world was about to enter an oceanic era. The launching of Cheon Seung Ho was a small, but precious, first step in opening that era. I was already picturing in my mind the vast ocean with boats larger and faster than Cheon Seung Ho."

At this point, True Father had already expected the coming of the "Oceanic Era" and imagined it in his head. At the same time, we can see that he already was thinking of building the boat that is fit for the age of 200 Nautical Miles (an age where ocean region up to 370km offshore becomes a daily life realm). This "Cheon Seung Ho Launching Ceremony" was the "dawn of the 21st century ocean era" in true sense.

Protagonists for Continental Civilization and Oceanic Civilization

- The protagonist for "continental (fallen) civilization era" was the automobile (among 10 major businesses of the world, 9 of them is automobile/oil-related).

"From now on, an age where people who now own a car will own a boat. Time will come when we make and sell 10 boats per day, so prepare for that."

- For that, prepare boat factory in North and South Americas, and Korea (Japan)-(three polar points of Pacific Rim)

The Purpose of Ocean Providence

What is the purpose of Ocean Providence?

- It is for the restoration of humanity's dominion over creation
- Along that line, we solve humanity's food problem.

The realities of hunger and food crisis

- 60,000 people die each day, 20,000,000 people die every year
- 2/3 have constant lack of food, calorie deficit (US World Watch Institute)

Humanity's efforts to tackle this problem

- UN food program
- Food Summit was opened (in 1976 and 1996 at Rome)
- Prospects for food problem solution is still unfound due to explosive increase in world population, and methods to increase food production cannot be assessed due to environmental destruction and other various possible problems. If continued like this, war over food will occur.
- Providing surplus food is just a temporary effect, and fundamental solution still not found.
- The world famous saying that holds the key to solving the world hunger: "give a man a fish and you feed him for a day; teach a man to fish and you feed him for a lifetime (the gratefulness one feels towards a person that gave him a fish will not last, but the gratefulness one feels towards a person that taught him how to catch it will last forever)."

No clear understanding of the cause → The human hunger problem has never once been resolved completely in the history of humankind

Food Problem: Cause, Result, and Solution

Cause

- Due to the ancestral fall, man lost his dominion over creation (Genesis 3.17-19). From then on, from the beginning of human history, we've had the food problem.

Result

- The food problem arises: Human beings are dominated by the creation. Stagnation in scientific development.
- Slave labor, caste (class) system, North and South problems, money worship, ultimate materialism and other phenomenon emerge.

Solution

- This can only be solved by True Parents and the siblings of True Parents
- Formulation of Ocean Providence, Ocean Hobby Industry Providence
- In the ocean, fish that can feed 40 billion people can exist. Formulation of "environmental protection of the sea," "fish farming business," and "marine farm"
- Seafood should comprise 2/3 of what a person eats. According to WHO (World Health Organization), Japanese people have the longest average life expectancy, and this was reported to be due to eating seafood proteins.

“Every year, 20 million people die of starvation. That is 60,000 people a day. Is the President of the United States going to take responsibility for that? Will Gorbachev of the Soviet Union take responsibility? Who will take responsibility for this? Who in the world is going to do that? The True Parents and the siblings of the True Parents have to take responsibility for it. For this reason, all our work with the sea is something I have been planning and preparing for, over the last twenty years.”

The Path from 2009-2012 that Concluded at Yeosu EXPO Message at WonMo Sun Launching Ceremony

8/18/2011: Rev. Moon's message at WonMo Sun Dedication and Launching Ceremony in Las Vegas

I would like to thank Heavenly Father for enabling us to have this Launching Ceremony today in order for **Yeosu in Korea which expects the 2012 International Ocean EXPO, and this Colorado River basin centering on Hoover Dam to both grow to become a hub for the east and west ocean leisure industry.**

Respected guests, today in this world, almost 1 billion people are suffering from hunger. On average, 1 person per 6 seconds or 20 million people a year are starving to death. Specifically, many children lose their lives due to malnutrition. The United Nations have declared that they will halve the number of starving people by the year 2015. However, due to earth's global warming, grain production has gone down, and many experts are expecting for the starving population to double by the year 2020.

Where is the alternative plan that can solve this serious starvation problem? I think that the realm of the ocean that occupies 75% of this earth's surface is the treasure trove of resources that can solve humanity's starvation. Ocean is the treasure trove of new raw materials that can promise us a bright future by recovering our planet's endurance that we're about to lose due to pollution and resource depletion.

In order to free the starving people, I have been investing into marine businesses for over 50 years starting in the 1960's. I also continued to develop boat industry, fishing techniques, and ocean technologies. I built the Good Go boat in the 1980's, and established over 30 ocean industry bases in various US locations such as Kodiak, Alaska, and Gulf of Mexico. In the 1990's centered on Brazil and Uruguay, I invested in South American ocean businesses. I have in this way, made global marine network that spans 52 countries. On this foundation, in the 2000's I have worked to develop Yeosu, the southern coast of Korea, and Hawaii, positioned in the center of the Pacific, to both become the hub of ocean industries in the Pacific Rim Era.

We especially welcome you today, respected guests, and would like to introduce to you the plaster mold technology that I have designed. And here we are, at the launching ceremony of this "WonMo Sun" that was made with the more advanced and developed application of this new process. Starting with "Cheon Jun Ho," "Master Marine" boat building has opened new horizons for the shipbuilding on a global scale. It not only will bring improvements to the marine transportation in Korea and Asian regions, but also will contribute greatly in improving the quality of life.

The First 20 Years of Ocean Providence in North America

Era of Creating the Foundation for Ocean Providence : 8/1/1974-8/1/1994

- This time period became the preparation era for the coming of the Ocean Hobby Industry Era (1994-)
- **Pledge to God**
 - 8/1/1974: He went out on "New Hope" boat to Boston Harbor and declared to "pledge to establish Ocean Providence foundations throughout North America in the next 20 years."
- **Rev. Moon's fishing pioneer at Boston (1974-1980)**
 - 7 years of Jumbo Tuna fishing
 - Established a new fishing method
 - Becomes the champion of Jumbo Tuna fishing
 - Established the core ideology of traditional spirit of Unification Church (go the way of death while living)

Jumbo Tuna Fishing at Boston Harbor

On the newly bought New Hope boat (48ft), he fishes for Jumbo Tuna using the traditional method of using rod and reel (Boston Harbor)

Memo

Jumbo Tuna Fishing at Boston Harbor

He devised a method called "hand line" as a new tuna fishing technique. This method was later inherited by many tuna fishermen. (atop New Hope boat)

Jumbo Tuna Fishing at Boston Harbor

(approx. 500kg, at Gloucester Marina)
Until he officially started the Ocean Challenge program, he pioneered the Jumbo Tuna fishing for 7 years.

Eventually became the champion of Jumbo Tuna fishing in North America, using the method that he devised. (Gloucester)

This meant that he mastered the Jumbo Tuna fishing, which countless professional fishermen could not reach.

Not only that, his method opened a path for beginners to safely succeed in Jumbo Tuna fishing, a most dangerous and difficult fishing.

(Gloucester, Massachusetts, USA)

Establishment of the Spirit to Love (Forgive) even the Enemy

Rev. Moon hooks on the Blue Marlin (atop a charter boat Kona offshore)

Also he fished on 3/25/1990 at Hawaii. Right after this, he left for Soviet Union for his meeting with President Gorbachev on 4/11. 11/30/1991, before he visited North Korea, he also offered a condition here (fostering the spirit to forgive one's enemy, who is trying to kill you).

Memo

Rev. Moon, King of Ocean (Boat Building)

- True boat builder (champion)
- Cheon Seung Ho was built and its launching ceremony (dedication ceremony) was held on 6/26/1963. Since then, he continued to build countless boats.
- He uses boats from various boat makers such as Maiko, Pacemaker, Silverton, and Nautica and others.
- 1980: 300 Good Go boats were built
- Later, he continued to build larger boats from 40ft, 52ft, 85ft, to finally 102ft, which was the largest FRP fishing boat in the world.
- 8/1/1994: In order to turn the 200 nautical miles into a realm of daily life, sets a policy to build and sell boats that range from "16ft - 60ft."
- He says: "rather than testify True Parents through witnessing, if we were to resolve the humanity's hunger problem, the whole world will accept True Parents much faster."
- True Father buys Master Marine Alabama company. Builds fishing boats, Coast Guard boats, Navy boats, and even iron and aluminum vessels.
- FRP boat manufacturing and sales started in full gear from 2000 in North America.
- From 2009, Cheon Jung Ho (60ft) and plaster mold were built

What Kind of Boat Was He Trying to Build?

What is an ideal boat?

- The protagonist for the Age of Ocean Hobby Industry Providence is boat
- Without boat, the Age of Ocean Hobby Lifestyle will not start.
- Boat that is fit for the waters up to 200 nautical miles off the coast (a fast boat that can turn the 200-mile range into a daily realm - fast and can go far but economical)
- Unsinkable boat, absolutely safe boat
- Boat that can catch lots of (most) fish
- Boat that is beautiful and can be maintained that way easily
- Portable boat that can be transported easily anywhere on land.

Research and Development for the Global Expansion

He gives instructions through the "mold check" about lower cost, lighter weight, and mass-production system. He also talks about unsinkable structure.
"Make all boats unsinkable. Test all boats."

He discusses a complex and technical point, "improve the gunnel width to make the boat look more strong."

He asks the weight of the hard top, and then instructs to make it lighter and stronger.

He painstakingly devises ideas to "how we can create a functional hull form that can be globalized as fast as possible"

Research and Development to Lead the Boat Industry

" Make the eye cleat on the bow strong and as large as 3 fingers." "If capsized, it will be the life line that supports the body. 2-fingers cannot support your body." Other companies later follow suit.

He emphasizes on enlarging the factory to three times its size. "Buy a larger land. The key is to do it quickly."

Memo

For the Construction of the Foundation for Global Oceanic Sovereignty

October 1999 at Little Ferry boat factory. He said, "From here in Little Ferry, we will aim for global oceanic sovereignty. This place is a preparation base for creating a global oceanic foundation."

"Boat builders must do Hoon Dok Hae also at the factory. If you do it from 6-7 in the morning, you will share a unified spiritual realm with True Father. "

Keep it clean, so that people will rumor it to be "a factory with only good things." When you drive around the factory property, drive so that people will rumor, "the people of this factory drive nicely."

"Work hard at the standard of our church's early days. Hold leader's training for couples and children for boating and fishing."

He said, "I will send half of North American boat technicians to South America." He talks about the importance of education.

- Purpose of establishment: In order to create a stage for a unified world of ultra nation, ultra religion and ultra race, that affirms the hope of the creator (“Pacific Rim Era” P.70)
All following speeches and messages share the same core content: “Ideal at Yamok,” “Establishment of Ocean Church” (refer to “God’s Will and the Ocean”), the ideal of “Ocean Hobby Industry Model base,” “Jardim Proclamation,” “Peace Messages”
- Establishment of Ocean Church in 30 locations in North America – the goal was to create 200 to 1000 locations.
- Ocean Challenge Begins (Approx. 6000 people were trained in the 13 years starting 1981)
- It was for the purpose of the rebirth of North America (spirit of love of nation) and building a Kingdom of Heaven on earth.
- It was a post-VOC (Victory over Communism) movement. “Ones who do not know about the ocean cannot become a leader” (refer to: “God’s Will and the Ocean”)

From the Era of Ocean Providence to the Era of Ocean Hobby Industry Providence

12/30/1993: Declaration of "Coming of the Era of Ocean Hobby Industry Providence"

1994 was the 40th anniversary of the establishment of Unification Church, and 20th anniversary of Ocean Providence in North America. It was proclaimed alongside Family Pledge (proclaimed on 5/1/1994) as the milestone and a guide for the Age of the coming of Heaven.

- What kind of age is the "Era of Ocean Hobby Industry Providence"?
- Until then, it was the age of "slave labor"
 - Human beings are originally created with the desire to feel joy through hobby...however, people in today's world are working to fulfill the central purpose/value to "feed oneself."
 - "From my (Rev. Moon) eyes, everybody looks like they are working in slave labor."
- From now on is the age of "Ocean Hobby Life"
 - Conversion and deliverance from the life of slave labor to the life of work-for-hobby lifestyle
 - Tourism and hobby lifestyle in the world of eternal peace
 - The age where war is the mother of all inventions = conflict and war, end of the age of development through the Origin-Opposition-Union action => coming of the age of development through give and receive action as well as Origin-Division-Union action
 - The center of various human hobbies is "fishing"
 - The age of commercial fishing by fishing vessels will end, and an age of hobby fishing will come.
 - It is the age where one can feel God through nature in countless ways.

Memo

From Era of Ocean Providence to the Era of Ocean Hobby Industry Providence

What is Ocean Hobby Industry?

- "Ocean Hobby lifestyle" as fishing as its representative contains the most universal and diverse aspects of human hobby lifestyle.
- Industry that supports the "Ocean Hobby Lifestyle" is the Ocean Hobby Industry.
- With scientific and technological breakthroughs as its basis, productivity will rapidly increase and humanity's food problem will be automatically be resolved.
- Society of co-living, co-prosperity, and co-ideology = businesses/industries that exist not for self-interest but for others = through the give and receive action between God's creativity/science and humanity's willingness/creativity/science, a new value will form and a new business that has a core philosophy to contribute to the society will appear.
- 70 years from the year 1945, geniuses will start to appear among Blessed Children. (June 2006)

12 Pillars of Ocean Hobby Industry (11/27/2003: determined by Rev. Moon)

1. Ocean Church
2. Marine School
3. Fishing/Tournaments
4. Tackle, Bait, clothes manufacturing/sales
5. Boat Manufacturing/sales
6. Fish farming, hatchery
7. Seafood transport business
8. Seafood restaurant
9. Transport, tourism, sports
10. Development of marine resources
11. Marine life, culture and information industry
12. Ocean Providence Fund/bank

What is an Ocean Hobby Industry Model Base?

What is an “Ocean Hobby Industry Model Base?”

- Ocean Hobby Industry (12 pillars) → a location/base that has all its aspects
- A place one can live the “hobby lifestyle” that was originally intended for humanity
- Ocean Spirit (spirit of living for the sake of others, True Parentism) is at its core
- “Model” points to the fact that it can easily be globalized
- International resort, tourist destination (ultra-nation, ultra-religion, and ultra-race)

“Model base” construction requirements

- First of all, it has to be positioned on the east, west, north, or south of the Pacific Rim.
- Water region with plentiful fish as its stage
- Connected via “international super highway”

Therefore, the “Ocean Hobby Industry Model Base” is an international center of ocean hobby lifestyle and culture, that Rev. Moon himself had pioneered.

Conceptual Plan of the Ocean Hobby Industry Model Base

Memo

Construction of GeoMunDo Island Ocean Hobby Industry Model Base to the Construction of Yeosu Ocean Hobby Industry Model City

- “Model city” is an enlarged version of the “model base”
- It will be constructed in cooperation with the government.
- Government’s responsibility:

International Super Highway

"World Peace King Bridge" that Rev. Moon has directly marked on the map centered on the Bering Strait. He draws out his ideas for the international super highway. He said, "international super highway will connect all coastal Ocean Hobby Industry Model bases/cities of the world." (June 2005)

Locations that Rev. Moon Invested in and their Order

“Tribal messiahs have established a name that can represent the nation. I have accomplished all these tasks. I have accomplished everything.”

The footsteps of Rev. Moon’s Ocean Providence: started in Korea (1963), then went through North America, South America, Hawaii, Pacific Rim nations, and finally landed on Yeosu, Korea (2003). The Pacific Rim realm accounts for half of the earth. He went around the globe, then went around the east, west, north and south of the Pacific Rim, patrolling the important fishing points of the globe. Joon Won Cheon Ji (Korean region) and Paraguay is on the opposite sides of the earth’s axis. The 3 elements that determine the center of culture and civilization is: harmony of 4 seasons, harmony of the sea and continent, and fish.

I have been telling you to make boats

From The Pacific Rim Providence Chapter 5, All Civilizations Will Come to Fruition on the Peninsula

Didn't I say peninsular civilization developed as a double culture, and that the Korean peninsula should come to mind whenever a volcano erupts in Japan? That is why I have been telling you to make boats. Have you built them yet? That may happen. For this reason, the Japanese and the Americans should not be arrogant. If they behave arrogantly on both sides of the Pacific Ocean, God will not spare either one. Both America and Japan will be struck. I do not pray for this to happen, but it is reasonable to conclude that such a situation would inevitably happen if Japan were to make a mistake. It is a valid statement when considering the historical judgment between good and evil. (198-237, 1990.2.3)

Conclusion

- We are continuing the sale of stocks.
The number of sold stocks reached 8000 on December 26th of 2013, but the target level of fund is not reached. Hence, we are still continuing to collect stocks.
- There are still 60 boat club membership remaining
- The 278 boat contracts were achieved before the first anniversary of True Father's passing on September 3rd (2013). We also conducted a report of True Father and resolved to collect the 278 boat money and to receive the 278 boats in Japan. In order to make this a reality, we will continue the efforts to collect the sales money and to obtain new boat contracts. This is not only a fight by the contract holders but for all of the 2,600 stockholders to bring the 278 boats into Japan.
- For church members that are not yet stockholders and also for non-church members, we will ask them to enter the "National Ocean Funds" membership. These members also have the right to receive sales commissions if they sell the boats.
